

Kit Policy

We expect all of the kit issued to you to be returned washed at the end of the season. This is regardless of whether or not you are expecting a new kit to be bought. Failure to comply with this basic requirement will affect your priority ranking when it comes to funding and new kits. Kit remains the property of Sport Brighton and should not be given to individuals. Leavers taking kit will not be a valid reason when reviewing whether your club needs a new kit. New kit will only be issued if previous kit has been looked after and returned complete. Loss of kit during the season due to factors such as player injury should be brought to the attention of Sport Brighton at the time. During the season it is up to the club whether or not you ask students to wash their own kit or whether you collect it and wash it centrally weekly.
